

WILLIAM "JIMMY" CANNON

Dallas, TX • (214) 830-2432 • williamjamescannon@gmail.com • jimmycannon.netlify.app • github.com/TheJimmyJam

PROJECT MANAGER | FULL-STACK DEVELOPER | AI BUILDER

Entrepreneur and operator turned full-stack developer with 10+ years launching and scaling businesses across hospitality, tech, and sales. Over the past two months, self-taught and shipped multiple production-grade applications using Next.js, React, Supabase, Stripe, and Python — integrating Claude and OpenAI APIs to build AI-powered tools. Driven by a belief that AI should be accessible, practical, and deployed in the real world. Conversational in Spanish.

CORE COMPETENCIES

- Full-Stack Development
- AI Integration & Automation
- Product & Operations Management
- Systems Design & Process Optimization
- Supabase, Stripe & API Integrations
- Team Leadership & Cross-Functional Execution
- Rapid Prototyping & Deployment
- Client Success & Business Development

TECHNICAL SKILLS

Frontend: Next.js 15, React 18, TypeScript, Tailwind CSS, GSAP animations, Vite

Backend: Python (FastAPI, Flask), Node.js, REST APIs, APScheduler

Database & Auth: Supabase (PostgreSQL, Auth, RLS, Storage), SQL

Payments & Email: Stripe (Checkout, webhooks), Resend

AI & Automation: Claude API, OpenAI API, n8n workflow automation, AI-powered proposal generation

DevOps & Hosting: Netlify, Railway, Render, Git/GitHub, Procfile deployment

Other Tools: Salesforce, Jira, WordPress, Google Workspace, NCR, Toast, Micros

RECENT BUILDS (LAST 60 DAYS)

- **Cannon Code Connect** — cannoncodeconnect.netlify.app
Full-stack client project management platform built for my own freelance dev business. 11,800+ lines of vanilla JS with Supabase, Stripe invoicing, file delivery with client approval workflows, and a Claude API-powered AI project planner that auto-drafts weekly client update emails from live project activity.
- **DUG — Decentralized Underwriting Group** — decentralizedunderwritinggroup.netlify.app
Consulting marketplace for independent underwriters built on Next.js 15 (App Router, TypeScript), Supabase, and Netlify. Features job board, underwriter directory, auth-gated dashboards, and a practice-case dojo.
- **Lonestar Bark Co.** — lonestarbark.netlify.app
Full-stack Dallas dog walking platform. Three-portal React app (client booking, walker portal, admin dashboard) backed by Supabase and deployed on Netlify. Real production app for an active business.
- **Medical Billing Platform**
Custom billing system for a Dallas physician. FastAPI backend + React frontend with PDF invoice ingestion, Stripe Checkout, automated patient payment reminders via Resend, and Supabase database.
- **Fishes & Loaves Emergency Food Pantry** — fishesloavesco.com
First paid client project — built and delivered a branded website for a Colorado Springs nonprofit food pantry. Full branding suite including logo, favicon set, QR code, and responsive site. First dollar earned from self-taught development skills.
- **Sonosphere** — github.com/TheJimmyJam/sonosphere
macOS desktop app (Python/Flask) for YouTube search, local audio library management, and live streaming to Sonos speakers over UPnP. 156 custom visual themes.

PROFESSIONAL EXPERIENCE

Operations Manager

Prestige Sales & Marketing | 2025 – Present

- Oversaw a distributed sales team of agents operating across multiple states on the Lifeline federal communications program.
- Managed distribution and fulfillment of 1,000+ phones per week, ensuring compliance with federal program requirements.
- Directed all aspects of an 8-person office including payroll, scheduling, and inventory management.
- Built an n8n automation system integrating the company's Wises CRM with their email provider, reducing manual data entry and streamlining agent workflows.

Project Manager

me&u USA | Jan 2023 – May 2025

- Integrated restaurant POS systems with me&u's QR order/pay platform, activating 2–3 accounts weekly.
- Set a U.S. record for fastest system integration: 11 days from handoff to activation.
- Built automated sales tracking spreadsheets; tracked customer lifecycles through Salesforce.

Operating Partner / Founder

LH Eats, LLC – Cedar & Vine | Apr 2016 – Jul 2020

- Launched full-service restaurant from scratch: branding, hiring, marketing, vendor management, and design.
- Achieved \$185K+ in sales in month one; sustained 10% net profitability.
- Trained 50+ staff; maintained food and labor cost targets across tenure.

Operating Partner

{33} Restaurant Group | Sep 2008 – Sep 2015

- Led daily operations across six restaurant locations and 125+ staff.
- Launched Palio's Pizza Café (Frisco): \$700K in year one → \$1.3M by year seven.
- Designed early online ordering system (2012); scaled to multiple locations.

Solar Sales Consultant

Momentum Solar | Jul 2020 – Mar 2021

- Closed 50+ residential solar installations; 45%+ closing rate.
- Awarded "Rookie of the Year" in Connecticut, 2020.

EDUCATION

Bachelor of Business Administration (BBA)

St. Edward's University, Austin, TX • Graduated cum laude • GPA: 3.84 • Dean's List

VOLUNTEER EXPERIENCE

- Habitat for Humanity (2008–2010)
- Ronald McDonald House – Dallas: Quarterly meal prep for 250 families (2008–2015)
- COVID-19 Community Outreach: Prepared 200+ meals weekly (2021)
